City of Norfolk and Citizen Jones, Both Profess to Be Its Lawful Owner,

### PUTTING FENCE AROUND IT

This Leads to Arrest of Jones and Matter Goes Into Court. Damage by Storm.

NORFOLK, VA., December 31.-An anclent title to hand was involved in a case in the Police Court to-day, when John T. Jones, a well known citizen of this city, arrested on the charge of trespassing on the city property, near Magazine Lane,

The property had been used by the city as a dumping place for rocks, bricks and pipes. Jones was erecting a fence around it, when the police interfered and arrested him and the men who were engaged in

City Engineer Brook testified that the city took charge of the property about the year 1852, and has been using it since that time. City Attorney Daincan represented the city. Jones claimed a part of the property occupied by the city, under a land grant from the State. The city claims it under a deed from one Cooper to the Mayor, Recorder and the Board of Albermen, given in 1774.

The land was originally purchased as a magazine for the city's guapowder. It appeared then that the helps of Jones claimed it through an ancestor who was the public keeper of the magazine, and as it was marsh property and of little value then the title was lost sight of uctil 1892, when the City Attorney received information which put him on the track of its restoration to the city.

The owner of the land is yet to be determined.
